

Alexander R. Zapata

alex-zapata.com Springfield MO, 65802 417-450-5230 alexz.network@gmail.com

Primary Skills

Java, Spring Framework, Postman, Behavior Driven Development, Cucumber, Serenity BDD

Work Experience

Senior Software Engineer

Shelter Insurance. Full-time Remote September 8th, 2020 – Present

- Developed a Spring Batch application to ETL missing vehicle data from HLDI for auto policies, improving policy rating accuracy and reducing costs.
- Led multiple presentations to introduce concepts around Behavior Driven Development (BDD) to improve team collaboration and the SDLC.

Engineer II

Enterprise Holdings. Full-time Remote May 28th, 2019 – March 30th, 2020

- Developed a Spring Batch app to audit/update reservations within the AWS S3 buckets.
- Built skills around HBase, Hive, and AWS to support new application development and ongoing system maintenance.

Software Developer

Catapult International. Lenexa, KS. December 10th, 2018 – May 22nd, 2019

- Designed and deployed an ETL process for loading client's floating tariff data into the company database.
- Automated the process of parsing/updating files within the company's SharePoint.

Associate Software Engineer

DST Systems, Inc. Kansas City, MO. June 25th, 2017 – November 21st, 2018

- Created a Jenkins seed job that would automatically build other Jenkins build/deploy jobs for projects owned by the various teams.

Software Developer

DST Technologies, Inc. Kansas City, MO. August 17th, 2015 – June 24th, 2017

- Enhanced the retirement compliance application by developing new RESTful API endpoints and the logic to validate, process and return data.

Education

Bachelor of Science in Business Administration (December 2015)

University of Central Missouri (UCM), Warrensburg, MO
Major: Computer Information Systems, Networking

Associate of Arts (May 2013)

Ozark Technical Community College (OTC), Springfield, MO
Extra: Phi Theta Kappa member, Chancellor's List, Dean's List
